## **DETAILED ACTION**

### ***Claim Rejections - 35 USC § 112***

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claim 10 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. It is not clear what the statement "a part of a surface of the second chip at which the outer contacts are connected to the lower contacts is as an external surface of the second chip packaging unit". How is a part of a surface where the outer contacts are connected to the lower contacts can be an external surface of the second packaging unit?

Claims 11-13 are also rejected as being dependent on rejected independent claim 10.

### ***Allowance***

3. Claims 1-9 and 14-18 are allowed.
